

## News About Town

### Father Wattson's Address at the Men's Meeting Sunday.

### A Second Father Mathew.

### The Young Men's Christian Association Building - Calumet Team Gets a Drubbing - Notes.

We yesterday had the privilege of twice hearing Father Wattson, the Episcopal minister, in the afternoon at the Y. M. C. A. meeting and in the evening at Christ church. Both addresses were such as to go direct to the hearts of the hearers. In the afternoon he pointed out most vividly the downward course of the prodigal son and how drinking and other debaucheries caused the wasting away of his patrimony, but how the father received him with open arms on his return and restored him to his birthright notwithstanding his elder brother's complaint. We have heard many sermons on the prodigal son, but never one delivered with such force as that by Father Wattson.

In the evening service Father Wattson took occasion to allude to what he chose to call the unchristianlike system of pew rents. He said that the house of God, particularly one named after Christ, should be free to all and that the members of the congregation must be made up of very mean people if it were necessary in order to raise the priest's salary to make them feel it was compulsory upon them to pay if they wished to keep their pews. He said if they were properly constituted they would make all such matters free-will offerings.

He alluded to how many church members, particularly the females, treated those of their own sex who had fallen from grace and related an anecdote where one woman went so far as to object to receive the holy communion at the same table with a reformed Magdalen and to make his point, almost recited a full chapter from "Beside the Bonnie Brier Bush" of Ian MacLaren, which could not have had more feeling thrown into it.

Father Wattson is the first minister we remember hearing of sent out by the Episcopalians, but we believe most firmly that a few men like father Wattson sent out over the country would do an immense amount of good, if people could only be persuaded to go and hear them.

The Rev. Mr. Frazer, of Tamarack, has a lecture entitled "Things I Must Not Say in My Pulpit." A minister like Father Wattson, being a bird of passage, has the privilege or chance of saying things that probably a rector would not like to say in his pulpit and it is to be closed next Wednesday evening. Father Wattson will take advantage of that and tell his hearers things that no doubt many of them should hear, but which a person resident here would scarcely like to tell them.

Father Wattson has a fine voice of which he has full command and by his evident sincerity of purpose, oratory and manner he has made no mistake in his vocation, and we only hope his mission here may bear good fruit, as we believe, it richly deserves. Go and hear him speak for yourselves.

### The Y. M. C. A. Building.

It is only proposed at present to build the basement floor of the building; the rough floor of the story above will, for this winter, do duty as a roof. It is hoped that next summer will see the building completed.

The outside dimensions of the building are 90x34x8. On the south side of the basement will be a bowling alley, 88 feet long by 10 feet wide. The remainder of the basement will be taken up with the locker-room and bathing department. The bathing department, which is at the west end, will be 38x20, and will contain two bath-tubs, five shower baths and a swimming bath, 15x20. By the way, while speaking of this swimming bath, we would like to call the attention of the building committee to what appears to us the rather dangerous drop in the bottom of the pool, and which might be the cause of some short person losing his life. Most swimming pools we have been in have had a gradual sloping bottom, instead of the quick fall shown in the plans. We trust the committee will excuse the suggestion, but we have made it, believing that an ounce of prevention is better than a pound of cure. The east end of this floor is occupied by the locker-room, which is 20x48, and has room enough to contain 250 lockers, two urinals, one water-closet and a wash basin. The basement will be well lighted by thirteen windows, 8 feet high. The heating apparatus will be in a cellar below part of the bathing department.

The first floor will contain a gymnasium 76x32, with a reading room and physical directors' room at the west end; the reading room will be 12x20 and the office 12x12. There will be a raised running track, 4 feet wide, all around the wall of the gymnasium. There will be a visitors' gallery at the west end of the gymnasium.

The building, for which so far Mr. Paul P. Koehn has obtained the contract, will be all of sandstone, the entrance being on the north side of the building. It is to be hoped that, now the building is started with, the public will donate very liberally to the good cause, for such it really is, and those young men and others through whose exertions the association has been enabled to start a building of their own deserve great credit.

### Football Saturday.

The second eleven of the Mining School

and the high school eleven, assisted by several local players, met on the gridiron at the Athletic park last Saturday afternoon and the home team were defeated to the tune of 6 to 0 in a very fine exhibition of the football game. There was very little kicking and no slugging and the game was not marred by any of the objectionable features of football. The Mining School boys won the game by better playing all around, for they showed a better knowledge of the game, played better together and had better interference than the local team, who lacked team work on the defense.

The line-up of the two clubs was as follows:

High School	Head	Line	Head	Line
Booley	R. E.	McKenzie	R. E.	McKenzie
Borgo	R. E.	McKenzie	R. E.	McKenzie
Wille	R. E.	McKenzie	R. E.	McKenzie
Heeder	R. E.	McKenzie	R. E.	McKenzie
Light	R. E.	McKenzie	R. E.	McKenzie
Philer	R. E.	McKenzie	R. E.	McKenzie
Kohlbas	R. E.	McKenzie	R. E.	McKenzie
Gilbert	R. E.	McKenzie	R. E.	McKenzie

The features of the game were the work of the Mining School's halfbacks and the end runs of Haas, of the same team, whose interference enabled him to make big gains on one or two occasions, and the kicking of full back Gilbert of the local team. The ball was in possession of the Houghton team most of the game and they kept forcing it toward Calumet's goal until a safety was made in the first half. In the second half they secured a touch down, but were unable to kick a goal and the game closed with the ball a few yards from Calumet's goal. The Mining School may have had a slight advantage in weight, but it did not amount to a great deal and the teams were, as a whole, quite evenly matched. Mr. John M. Pearson and Mr. Haas refereed and inspired the game and gave entire satisfaction. A return game is talked of for next Saturday.

### A Sailor's Idea.

HANCOCK, Mich., October 17, 1896. To the Editor:—More than half the lumber received in New York State and Pennsylvania came from Canada this year. There are so many American workmen out of work in the cities, Buffalo, Cleveland and other places, where I touched this summer with my steam-barge that it was not safe to go ashore after dark. Men with nothing to do become desperate. What is more needed than protection? The will stimulate the home market and give employment to an army of idle men in the United States. Let Canada take care of herself. See all the boats tied up at Buffalo, Milwaukee, Chicago and Cleveland? In all my experience on the Great Lakes, and never in the history of the Republic can I have seen such a blockade in the commerce of the country. What we want is confidence and protection. With the former, money will be invested, and with the latter, the unemployed will find employment, and the country, under the banner of McKinley, will prosper and the wheels of commerce turn and grind once more. EDWARD S. SVELAND, Captain Steamboat S. E. Sheldon.

### English Lutheran Services.

Rev. J. N. Lenker, D. D., of Milwaukee, Wis., late western secretary of the board of church extension of the general synod of the Evangelical Lutheran church of the United States, and author of "Lutherans in All Lands," will hold services, in the English language, at the Hecla Bethel Lutheran Evangelical Lutheran church, on Tuesday and Wednesday evenings, October 20 and 21, at 7:30 o'clock. Everybody interested in the Lutheran church should turn out and give Dr. Lenker a hearty reception.

### Accident to Charles Horton.

On Saturday, while out shooting with a party of friends, Mr. Charles Horton met with a very serious accident. It appears that he was creeping under a fence, when in some manner his gun went off, the charge lodging in his right arm. Yesterday Dr. Orr decided that amputation was necessary and in consequence the arm was amputated just below the elbow. The patient, we are glad to say, is doing nicely.

William Phillips left on the morning train for Lansing to attend a meeting of the grand lodge of Odd Fellows. William Taylor left yesterday on a similar mission and Charles Geiger and David Osborn, who went to Canton, will also attend the grand lodge meeting at Michigan's capitol city. The four gentlemen will represent the local lodges in the grand lodge. Mr. Phillips will spend a couple of weeks in Chicago and Milwaukee before returning.

Mr. Lew Richardson should thank his stars that he did not succeed in getting any political nomination, as if he had the chances are he would have let the opportunity slip of applying for the appointment of his own son, as is mentioned in our Portage Lake column, and for which he is, we believe, eminently fitted and both he and the firm he represents are to be congratulated upon the appointment of so good a man.

The silverites had another big rally at Lake Linden last Saturday evening, when Hon. H. W. Seymour, candidate for congress of this district, and G. R. Glidden, of Detroit, addressed a large audience on the money question. There was plenty of enthusiasm during the meeting and the leaders are enthusiastic over the event. The same speakers will address a meeting here at the Opera House tomorrow evening.

The silverites will follow up their rally on tomorrow evening with another on Thursday evening, when the Rev. Flavia J. Brobst, of Chicago, a silver republican, will address the voters on the issue of the day. The reverend gentleman is said to be an exceptionally good speaker and will make only six addresses in the Upper Peninsula, one of which will be in Houghton county.

The Calumet and Hecla company changed its time this morning by setting it half an hour ahead, so as to have daylight longer in the evening, and Red Jacket will be run on nine time, instead of standard, for the next few months, with the exception of the banks and railroads. The Tamarack mine made the change a couple of weeks ago.

The diphtheria scare is not all over yet, for there are now eighteen cases on the books of the township health officers. Several patients have recovered and three new cases have been reported lately. One resulted fatally Saturday, but the others are all doing nicely. Mrs. William Jilbert, of E. street, Raybaultown, was taken ill this morning.

The case of John Biscomb came up before Justice Brule last Saturday afternoon. The prosecuting attorney changed the charge to simple assault and Biscomb pleaded guilty. The justice imposed a fine of \$50 and costs which he paid and was discharged. Larson & LeGendre were the defendant's attorneys.

Mr. A. G. Johnson returned last Saturday evening from Milwaukee, where he accompanied his brother, whose eyes were injured in a mine accident. His brother is in charge of Dr. Snyder and is doing very well, but it will take two or three weeks longer at least and they are not sure that the eye can be saved.

Commander Booth Tucker, leader of the Salvation Army, will be in Red Jacket Thursday, October 22. Afternoon meeting 3 p. m., commander in charge, and in the evening at 8 o'clock. Grand rally at depot in the afternoon and a grand torch light procession in the evening. Admission, by ticket, 10 cents.

LOST, STAYED OR STOMEN—A big dark red cow, with white stripe on forehead and large and widely spread horns, the ends of which are sawed off; also has an iron collar and bell. The finder will be liberally rewarded by returning same to P. A. Pekala, 3145 Tunnel street, Swedetown.

The Ladies' Aid social at the Tamarack M. E. church last Saturday evening was very pleasant and successful, and this (Monday) evening they will give a supper in the same place for 10 cents. Supper will be ready at 6 o'clock and continue during the evening. Everybody is invited.

### Postponed.

The stereopticon entertainment which was to have been given at the Tamarack Junior school house, under the auspices of the Sunday school of that place, on Tuesday evening, October 20, has been postponed for four weeks.

An account of Alma-Tadema, his paintings and his luxurious London home, with a profusion of pictures, will appear in the November McClure's. It is written by Ethel Mackenzie McKenna from personal acquaintance and observation.

Shows may come and go, but none seem to stand the test so well as Mrs. Stowe's immortal, historical novel, "Uncle Tom's Cabin." The grand parade, the finest ever witnessed. At the Red Jacket Opera House, October 23.

The attendance at the Sacred Heart church last Saturday night was much larger than on the previous evening and everybody enjoyed themselves. The fair will be open every evening this week until Friday evening.

The guessing contest goes merrily on and somebody will get a fine new Waverly bicycle for 10 cents. If you have not yet guessed, don't miss it. Guesses registered at Hermann's or at the fair in the Armory.

The straw ballot at the Bon Ton will close this evening when the votes will be counted. The ballot has been very widely taken advantage of and there will undoubtedly be a big vote cast.

FOUND—On Friday night, October 16, a stray cow. Owner can have same by proving property and paying for this ad. Apply to Mr. Eugene Murphy, 340 Osceola street, Laurium.

Mrs. Duncan left this morning for Three Rivers, Lower Michigan, for the purpose of attending the funeral of her brother-in-law, Mr. Sheperdson, who died there last Friday night.

Dr. E. H. Koivupalo, who has been taking a post graduate course in a Chicago medical college for the past month, returned last evening and will resume his practice here.

Real Estate For Sale at a Bargain. One ten-room house, and lot, in Laurium, bringing \$20 per month rent. W. H. FAUETT.

There will be a chicken pie supper, at the Calumet M. E. church, Saturday evening, October 24, under the auspices of the Ladies' Aid society.

WANTED—A boy about 16 years of age, one who can do some hard work. Call at Second-Hand store, 312 Front street, after 6 p. m.

A large party of Mining School students accompanied the football team and witnessed the game at the park Saturday afternoon.
